Acknowledgement

The BC Arts Council acknowledges it carries out its work on the land of Indigenous nations throughout British Columbia. We pay our respects to the Elders and Knowledge Keepers, past and present, descendants and custodians of these lands and waters. We are grateful for the continuing relationships with Indigenous people that develop through our work together. We acknowledge and raise our hands to the ɫə́kwəŋən (Lekwungen) people, known today as the Songhees and Esquimalt Nations, on whose ancestral lands we operate our main offices.

Examples of Eligible Projects

Applicants are encouraged to confirm the eligibility of their project with the Program Advisor before applying. Applications for projects that do not meet eligibility criteria in these guidelines will not be forwarded for assessment.

BC Arts Council project assistance grant programs provide one-time grants for specific projects. Project grants are not meant to cover operating or ongoing expenses.

Grants are available in this program to support specific projects for the development, enrichment, and creation of new or unique independent media arts works, programming and community engagement initiatives.

This program does not support film production activities of works primarily intended for festival or commercial distribution, or film and creation projects outside of programming and engagement initiatives.

Examples of eligible activities include but are not limited to:

- Screenings and exhibitions of independent media arts works, including development and presentation or installation
- Documentation, publications, and dissemination of digital and media arts works and exhibitions
- Professional skills development, including workshops, artists' residencies, and activities that develop the arts sector
- Exploration of new artistic or independent media arts-based works or curatorial practices, including practice-based research, experimentation, and creative development
- Audience development, collaborations, exchanges, and activities that creatively engage communities

Examples of activities that are not eligible for support in this program:

- Creation or production of works that do not involve collaboration, consultation, or engagement with artists or communities as part of project development or realization
- Works created primarily for distribution through social media channels, network television broadcast, or streaming platforms

- Creation or documentation using media or technology with the intent of supporting works primarily rooted in disciplines other than media arts
- Podcasts and radio programming that are not embedded within established artistic practice or specifically dedicated to the dissemination of artistic works. Activities based within journalism, broadcasting, creative industry, or for general interest or commercial purposes are not eligible for support.
- Ongoing multi-day festivals and projects embedded within ongoing multi-day festivals, and other activities eligible within the Project Assistance: Professional Arts Festivals grant program
- General operating expenses and activities, ongoing expenses, or annual artistic programming plans
- Projects or activities that do not involve or benefit artists or arts and culture practitioners and professionals
- Projects or activities that do not have a clearly defined arts and culture focus

Required artist compensation within project activities

Eligible projects must include appropriate payment to the artists, arts and cultural practitioners, and other professionals engaged in the proposed activities. At a minimum, payments to artists should be at the recommended rates set by the arts service organization, professional association, or established practitioners within the field of practice. Payment structures that are not guaranteed, or that risk low or non-payment to artists and other professionals do not meet this compensation requirement (for example, commission-based sales of artworks, percentage of door sales).

Applicants can determine compensation to Elders and Knowledge Keepers according to community context and appropriate protocols. Applicants should describe the approach used to determine the fair rate in their application.

- a grant amount up to 65% of the total eligible project budget from applicants that are considered part of the BC Arts Council's designated priority groups as defined on page one.

Applicant contributions to the project budget can include both cash and in-kind contributions.

Applicants are encouraged to submit realistic budgets outlining the funds required to feasibly carry out the project.

There is no maximum request amount, but project assistance grants typically range from \$5,000 to \$25,000. Requests for amounts beyond this range must include a clear rationale for why the project requires a higher amount. Applicants should discuss such requests with the Program Advisor before applying.

BC Arts Council intends to support successful applications at 100% of the request; however, grants may be awarded for less than requested.

BC Arts Council grant programs are highly competitive, and support is not available for all eligible projects. Success rates in BC Arts Council grant programs are generally between 20% to 40%. Visit the [BC Arts Council Grant Recipients](#) page to review a list of previously successful applicants and the range of previous grants for this program.
